FROM MACHIAS

The Storm and its Effects

Machias, March 27. The toll of Harrington, paper mill, in this place, give the morning. The lower mills and logs are in imminent danger for a time as the water is already subsiding. Logging will no doubt be open Wednesday. The steamer Metanzas, ashore near Jonesport, is reported to be a total wreck. The schooner Lucy Lee, ashore at Jonesport, was slightly damaged. Tide rises unusually thirty hours and high winds.

FROM BRUNSWICK

Bridges Damaged.

Brunswick, Me., March 27. The ice in the Androscoggin below Lewiston Falls, rose rapidly on Sunday night, carrying out the earth piles and damaging the railroad bridge so that trains cannot pass for a few days and mail stages are used.

LARGE DISASTERS.

A Rockport Schooner Wrecked.

Portsmouth, N. H., March 27. Surgeon Gerrish, of the schooner Lizzie Northport, Me., Capt. J. C. Ames commander and owner, was wrecked off York Harbor, and is a total wreck. The crew were saved.

Other Vessels Wrecked—A Captain and his Wife Drowned.

Portland, Me., March 27. Schooner Ivanhoe, captain Neat, from Eastport for Bath with coal, went ashore on Stage Island, Searsport, at two o'clock Sunday morning, and went to pieces. Mr. Kent and wife were drowned, rest of the crew saved. They report a big ice company with them when they went ashore and they afterwards picked up floes and they suppose the big vessels have struck and suppose the big vessels. Name unknown. Schooner E. H. Rich, from New York for Portland, was ashore on Cape Porpoise, 5 miles south of Cape Porpoise. Schooner Hattie, of New York, 128 tons, owned in Boston, off Hog Island, was anchored off Bluff Island. She broke her chain and drifted on Bluff Island. Employed all day Friday and worked to get her off at high tide, but failed. Mrs. Kent ashore, and the crew slept easily on the rocks. Capt. Kent preferred to stick to her. Would have lost the vessel provided to save his wife. Crew showed wonderful nerve. Cutting second. Shore lines and the wreck came ashore at Kittery. Not very serious disappointment to Bluff Island.

A St. George Schooner in Distress.

Washington, March 27. The signal officer at Norfolk, reports that the schooner Whitney Long of St. George, Me., Capt. H. Beckhard, was picked up in distress yesterday at Cranny Island. She lost her main-sail, main boom, fore-rigging, main plates, and started head-gear. Will be here this afternoon for repairs.

They thought the crew had been washed overboard, but could not be learned on account of the heavy sea. In the morning the crew were not in sight and we presumed they had gone.

The Crew of the D Talbot of Camden Safe.

ELLSWORTH ELECTION

Crumb of Democratic Comfort

Ellsworth, March 27. In the city election to-day for mayor, Monroe Young, Republican, has 78 votes, Horace Davis Democrat, has 78 votes. The Democrats carry the ward. Issues mainly local.

FORTY-FOURTH CONGRESS—First Session.

Senate.

WASHINGTON, March 27.

A large number of matters of minor importance came before the Senate and were disposed of, and Mr Morton called up the resolution for the appointment of a committee to investigate frauds in the Mississippi elections.

Mr Christiancy introduced an amendment and discussed its merits.

Mr Morton expressed a willingness to accept the substitute.

Mr. Cooper called for the regular order, the consular and diplomatic bill, and Morton moved to lay that bill aside and finish Mississippi resolution, and on motion it was agreed to yeas and nays. The motion was agreed to, 28 to 31, and the consular diplomatic bill was proceeded with.

Mr. Sargent said the committee had decided to agree to all the cuttings down of the House and inserted amendments to bring salaries, but not expending any more than has been expended in former years. About forty Consulates had been abolished by the House, which the committee had restored.

The first amendment proposed by the Committee, restoring the salaries of envoys to Great Britain, France Germany, and Russia, to $17,500 was agreed to.

The second amendment restoring Italy to her former position, was discussed until 6 o'clock, when the Senate went into Executive Session and at 6 adjourned.

House.

Mr. Willis of New York offered a resolution to restore the national credit by funding the non-interest bearing debt into four per cent bonds, and to repeal so much of the resumption as requires the Secretary of the Treasury to redeem all of its outstanding legal tenders by January 1, 1879.

Mr. Potter of O., moved to suspend the rules, and to pass his bill to provide for the gradual resumption of specie payment. The first section directs the Secretary of the Treasury to set aside, and retain in coin, each year, until United States notes shall be at par with gold, an amount equal to 3 per cent of outstanding legal tenders, or legal tender notes, to be held as a resumption fund, for the redemption of such legal tenders; provided that such coin set aside and retained shall be counted part of the sinking fund.

The second section requires National Banks to set aside and retain from the coin received by them as interest on the bonds deposited as security, from the circulation, an amount of their circulation, such coin to be counted as part of their legal money reserved.

The third section repeals so much of the "Resumption" Act of January 14, 1875, as provides for the redemption of legal tender notes to the amount of the National Bank notes in circulation, and as much as provides for their redemption in coin after January, 1879.

Mr. Kasson asked whether the bill came from any committee of the House?

The Speaker replied that it did not.

Mr. Kasson asked Mr. Paine whether he did not desire the judgment of one regular Committee of the House?

Mr Paine's answer was to call for the yeas and nays on his motion.

Mr. Kasson suggested the committee of which the gentleman (Mr. Paine) was a member, the Banking Committee, might be the proper one.

Mr Holman inquired if it was in order to divide the proposition, as he wanted to have a vote on the last proposition?

The Speaker replied that a division of the proposition was not in order.

Mr. Perkins inquired if this was the bill which was known as Paine's bill, and had been printed.

Mr. Paine replied that it was, without any change whatever.

Mr. Kasson asked the Speaker if the Bill did not violate the plan of the United States to maintain a sinking fund.

Mr. Randall and others objected to the debate.

The Speaker replied that he had no authority to amend a question of that kind.

The vote resulted as follows: Yeas 81, nays 150, so that the motion was defeated, it would have required a two-thirds vote to pass the bill, and the fact that there was nearly a two-thirds majority against it elicited some laughter.

Mr. Randall moved to suspend the rules and adopt the motion to have evening sessions Tuesday, Wednesday and Thursday of this week for the consideration of the Legislative, and Judicial Appropriation bill. Agreed to, yeas 152, nays 71.

The House at 2.40 went into Committee of the Whole, Sayler in the chair, on the bill providing for the delivery in the Engraving and Printing Bureau of the Treasury of the issuance of subsidiary silver coin.

A number of speeches were made and various amendments were offered, after which the Committee rose and reported the bill, and amendments thereto, and under a call the previous question was seconded and the bill and amendments were ordered to be engrossed and read a third time. The question was then on the passage of the bill, and it was passed, yeas 157, nays 57
